“ My sincere Condolences to the woods family. I am just noticing the passing of Anika. My heart is very sadden concerning this shocking discovery. I met Anika at the VA Hospital in 2002. Anika was my supervisor for a very short time. She was the best supervisor I had. I was recently speaking of her how pleasant and how much she meant to me. I looked through my phone to see if she was still one of my contacts. I search the web to see if she was still employed. I didn't see her listed. I searched on line and discovered she passed my prayers for the family. God bless you all.

“ I am only now - as I write this - discovering that Anika has passed away and I am speechless. I was completely unaware of her passing and am just completely floored.

I was thinking about her recently as we ironically both ended up as GWU Graduate Alumni. Having seen a GW Alumni event recently, I decided to look her up on LinkedIn - and came across this obituary on the Internet.

I am truly stunned that someone who was an important and integral part of my youth (through High School and College) has left us.

Anika was a special person with a quiet and beautiful soul. Although she is now gone (I can't believe I'm writing this), she will always be part of my fondest memories. To her Family, always know that Anika was an amazingly special individual and thank you for all of your love and support in allowing me into your lives as Anika allowed me into hers. Please accept my prayers and wishes for peace as you keep her in your hearts.

With sincerest condolences and love always,
Darius (Withers)

“ I still cannot believe I am having to write this. Anika and I met the first day she started in the VA. We were in our 20s and ready to take on the world! We had many fun times during her stay in Jackson. I am very grateful for her and her family for helping me when I first moved to the DMV. I was heartbroken when I last spoke with her regarding her condition, but I admired her faith and how she was able to deal with the reality. My family and I send our condolences to the Woods Family on your loss. I am here for you all if you ever need anything.

“ *Anika was a special friend and partner in our work together at the VA. She was an exceptional person both as an individual and teammate: kind, thoughtful, cheerful, a pleasure to work with and always a wonderful person to be around. Anika was always ready to help anyone who needed assistance. Despite occasional health difficulties and at many times almost overwhelming work burdens, she was always a bright star in our office, an inspiration to all others around her. The quality of her work was always outstanding and the volume of her work was amazing. She was highly appreciated and regarded by the highest levels of management at the VA.*

Anika's love of God was always reflected in the love and kindness she showed to all the people she came in contact with. Her time with us was a blessing to all who worked with her. I know she abides with our Lord and I hope all of us who knew her will find peace and comfort in our special memories of Anika.

“ Arvida,

I will always remember the times of brief fellowship with Anika many Sundays after church service. It was a joy to see her work her ministry over the years and see her bring her nephews to church and various college preparation sessions. Anika led a quiet and peaceable life and was a wise woman who worked to build her house in accordance with the Word of God. Be encouraged. Anika fought the good fight of faith in the midst of adversity. May the grace and peace of God keep you and His Spirit comfort you.

“ Prayers of comfort to the family. I met Anika when she first started at VA Central Office. She was always friendly and willing to assist in any way she could. I remember all of the many stories about her nephews and their many adventures together. She truly loved her family. Heaven has truly gained an Angel.

“ I was blessed to meet Anika in 2003 when the HPDM office was created as part of MSO (Management Support Office) which would eventually become WMC. While we related as co-workers in those early years, we grew into a friendship. Her gentle nature, positive outlook, unwavering faith, and empathy for others in the face of the challenges in her life inspired those who knew her to be a better version of themselves. God blessed me to have her in my life and know that now she will be one of his angels watching over those of us who are still on the journey. You are home, dearest friend. docie jason

“ I was fortunate to work with Anika since 2008. She was always positive, supportive of others, and genuine. She loved her family and her work and always took great pride in both. She lived a life of grace, full in her faith and compassionate in her love. Willing to offer help, guidance and a sympathetic ear, she truly was a special person. Rest easy, your life touched many and your impact will remain.

“ *Anika and I started out as co-workers and quickly became one of my best friends. We talked almost everyday. The one thing that stood out about Anika was her love for God and her family. She was always sending me pictures of her family and letting me know how proud she was of them. Anika was always positive and never had a negative thing to say about anyone. She was always thinking about everyone else, even when she wasn't feeling well. I have no doubt why God put this Angel in my life. I loved her like a sister and will miss her so very much. Anika will always have a special place in my heart. My thoughts and prayers go out to her family.* ”
