“ We are your friends/family in the truth although we've never met. Whenever one of our brothers or sisters dies, it saddens us. We wanted to send our warmest love and sympathies to your family. The mutual love that we share for our God Jehovah and our beautiful hope is a uniting bond that we cherish. Hope to meet you one day under the best of circumstances. Much love, Bruce and Cheryl Heyward

“ My deepest sympathies go out to your family. Arnita and I worked together for 12 years at Winston - she was a friend and genuine person. A true beauty inside and out. She will be missed, but the wonderful memories will last forever. I hope her husband and son, Craig will be consoled by the loving outreach of those who knew her well. May God bless each of you.
