“ Happy birthday to my sister Cathy, I woke up thinking about what I wanted to say word's can't express how I feel knowing today you would have turned 62. What I do know is we would have been on a plane on our way out of town. I miss that so much. I thank God that we started going out of town and the country on our birthdays. I would ask you as well as you would ask me where do you want to go and we both would make it happen for each other. Sis you were one of a kind I will always treasure the memories of you. “ **HAPPY MOTHERS DAY AUNTIE** ❤️❤️❤️

This is the first Mother's Day unlike every other past Mother's Day, that you're not here with me waiting on me to bring you and my mother y'all Mother's Day gifts and it really hurts.

I really miss and love you very much, and not one day of my life goes by that I don't think about you.

It's still really hard to accept that you are gone and I'm not able to see, talk or even just hear you laugh just one more time.

I'm going to always honor you and do my best to make you proud and keep you happy with being the best Niece-God-daughter you always instilled in me to be.

I'm going to continue to love , hold things down and take care of my mother and kids and make sure that we keep a unbreakable bond as a family while you keep watching over us, and keeping us safe each day.

I just wanted to send you a gift today by screaming and shouting up to those golden gates, all the way from down here on earth "HAPPY MOTHERS DAY AUNT CATHY "!!!!

I love you very much.....

Love Always, Your First Born Niece/God-Daughter Kia ❤️❤️❤️❤️

“ **HAPPY BIRTHDAY AUNT CATHY** ❤️❤️❤️🎂🎂

I have never have let this special day go unrecognized , and without celebrating it with you every year!!!

It is very hard to write a Happy Birthday message to you this year because I would have never thought and still have not fully processed and came to the realization of not having you here with me in the flesh on earth.

I hurt everyday not being able to call you or text like we would do as our normal daily routine!

I miss not being able to call you and say “ Hey Auntie, You want some crabs today “? And you saying “ Now Kia, You know I want some crabs! You going to buy me some Niocy “?? and we both just burst out laughing on the phone together acting silly and cracking jokes. And me making sure I got your crabs and spend time over the house just checking on you and making sure you were feeling okay and just talking and laughing about random stuff.

I miss not being able to give you a birthday gift this year like every year, and watch you open it up and start dancing and moving them shoulders and making my mother jealous and laughing telling her “ Hey Vicky, Look what my niocy got me for my birthday!! She always makes sure she gets her Auntie straight every birthday “!!

“ And Vicky this the last outfit left and Kia got it for Me!! Ain't None left for you to try and be slick and ask her to buy you one too! Nope “

These are just a few of the everyday memories we have that I miss so much.

I am wishing, sending, and screaming all the way up to the gates of Heaven “HAPPY HEAVENLY BIRTHDAY “ Aunt Cathy 🎉🎉🎉🎉

🎉🎉❤️❤️❤️

I will cherish the memories that we had, and even though I can not see you in the flesh, I feel your spirit is here with me. I love you and miss you more than words can say. “ Not a day goes by that I don't miss the sound of your voice.
You were taken away too soon from me and I still ask WHY??
You were not just my Aunt and GodMother, you were my inspiration.
I still struggle not seeing you weekly, and not talking to you every day.
I know you are now among the saints and with your Heavenly Father, but I would give anything to have you back here with me.
I miss you so much Aunt Cathy, to the point that this pain I still feel is so indescribable.
I know I will eventually see you again, but until that time comes I will forever hold your unconditional love you have always had for me in my heart and never forget about all the time I had with you while you were on earth.
I love and miss you so much, and I could never find a Aunt/ Godmother as loving in this world as You!!!
There will never be anyone to fill this void in my heart that I hold for you.
You are truly one of GODS Angels.
I love you Aunt Cathy, and miss you.
I will keep your legacy alive and you will never be forgotten!!!!
I love you.
Your niecey.

“ To my beloved Sister in Law, Sister and Friend Cathy. I cannot believe that it's been a year since God came bye and called you home. I truly miss your quite spirit and the calmness that you showed without complaining about what you were going through. Always having the heart to care about others and making sure that they were okay. I will always remember the good times we shared and the vacations and family reunions that we had together. Those few months that you and Vicky would come over and we would sit and have our hot tea with Douglas right there making sure we had what we needed. I can laugh at you now when we were at the beach and you were about to be swept away by the water just walking on the sand while Vicky and I sat on the sideline and laugh until we could not stand up. Well Sister I never got the chance to give you your retirement shirt that I made for you, but you don't need it now because you are resting in the arms of Jesus Christ. I love you dearly and I know we shall meet again. R.I.H.
