“ Dear Dad,

*As I sit down to write this, I'm overwhelmed by the suddenness of your passing. It feels like I'm dreaming, and my heart aches with the loss. In these last few days, I've found myself reflecting deeply on my childhood, on all the moments we shared that shaped who I am today.*

*Dad, you've given me more than life; you've given me a blueprint for living it with courage, grace, and joy.*

*So, dad, thank you. Thank you for every hug, every lesson direct or indirect, every word of encouragement, and every moment of unconditional love. You were my first love, and my hero, not because of what you've achieved, but because of who you were, and who you've helped me to become.*

*“There's a special kind of feeling when I think about you, Dad. It's a pleasure to remember all the happy times we've had. There's a special kind of caring that is meant for you alone. And there's a place somewhere within my heart that only you can own.*

*As your daughter, my only hope is that I continue to live my life in a way that honors you, to make you proud, and to carry forward the legacy of love, strength, and integrity you've bestowed upon me.*

*Thank you for everything dad. Rest easy, your journey here was extraordinary, and your spirit lives on, forever etched in my heart. Until we meet again”.*

*I love you, Dad, today and always.*

*Your loving daughter Allison*

*Thank you.*
