“ I send my condolences and heartfelt sympathy to Donnie's family. My thoughts and prayers are with you all.

I was shocked to recently learn that Donnie had passed away. Donnie was both a coworker and a friend, as we both worked for decades at the Bureau of Land Management (BLM) in the Washington DC office. Although we worked in different divisions, we both worked in BLM minerals programs and we retired on the same day (January 31, 2020). I will long remember Donnie's many admirable qualities, particularly his kindness and thoughtfulness. He enjoyed traveling and through the years he would occasionally hold brown bag sessions at work to share photos and stories about some of his international travel adventures. To me, Donnie appreciated the simple but truly important things in life. He seemed to enjoy cooking (and would often bring a variety of dishes to work), as well as enjoyed his success in raising prize winning orchids.

At this time of sadness, I pray that you find comfort and peace in many fond memories of happy times you spent with Donnie, as he will certainly be missed. Take care.
