“ *My Condolences to Gazelle's family. If you loved her half as much as she loved her family then your loss is great. Through working together I knew her to be an innovator, a barrier breaker and a peacemaker. I feel confident that you have many fond memories of Gazelle, and I hope that they will help fill the void of your loss of such a wonderful lady and family member.*

“ My thoughts and prayers are with you. Ms. Gazelle was a very nice woman. I remember how loving and caring she was to me as a child, she worked with my mother at Frank Parsons Paper Company and she always treated me like I was a member of her own family.

“Gazelle will be greatly missed. We had so many good times-picking strawberries and fruit from the trees on her grandfather's farm in Virginia; running through the woods playing hide and seek; and most of all the teen years of sharing funny stories. The family time with our grandparents and all the many cousins will be cherished memories that I will hold dear to my heart.
