While every effort will be made to ensure the live stream takes place seamlessly, platform-related interferences can occur that are outside of our control. Though it has been a rare occurrence in our personal experience, it is not unheard of and we take precautions accordingly. In the unfortunate event that the live stream was to disconnect, a new live stream will be created immediately to continue coverage of the remainder of the service and a link to the new live stream will be provided in the comments and description section of the initial live stream that was disrupted.
