“ Grandad, to know you was to love and adore you. You're one of the most memorable people I have ever met from the way you talked to the things you'd say. And to say I'm going to miss you is an understatement. I love you forever.

“ *When we were younger, I followed your every footstep; always wanting to be just like you. It was always said back then that when they saw you, they knew I wasn't far behind.*

Once you plowed that opening, I was forced to grow up and figure out my path.

Now it is my turn to set precedence for others to follow.

Until we meet again...

“ Hi Uncle Killa, I want you to know that I’m celebrating your life. I know you wouldn’t want me to do nothing but smile. I miss your hugs and that laugh and even the gritty texture from your beard when you would hug me and our cheeks would kiss. Though it stung my face I never backed down from your love. I’ll always be your Jack Rabbit and and I love you so much. I know you left your body but the spirit of you lives on freely. I love you so much and I miss you. You’re not gone, you’re free. I love you Unc. 🥹❤️
