“ My name is Tara and I'm from North Carolina if I'm not mistaking I met John in 1992 and I don't want to make the situation seem uncomfortable but at the time I was getting high and John asked his sister if I could stay with them because I was strung out and I needed help and I was pregnant at the time I'm not quite sure if I'm reaching out to the correct family but if this is the family that took me in at my time of distress I want to say thank you and my condolences to you John look at me like a person and not a person strung out on drugs the Holy Spirit that lived in him connected to the holy spirit that lives Within Me and I just want to let you know that I am forever grateful I've been clean for three years and I'm a minister in music I rededicated my life to Christ and I'm living out the call on my life if it had not been for this family I don't know where I would have been today thank you for being obedient when God placed on your heart to take me in because I knew nothing about DC and how dangerous it would so I would love to say thank you for all that you've done and thank you for sharing such a wonderful person with me if I'm not talkin to the right family please forgive me and my condolences to you and your family during your time of bereavement
