“ Joe was like a big brother to me. I looked up to him and truly admired the person he became. He enjoyed life and lived it to the fullest. It breaks my heart knowing I won't get to see him or hear his voice again. He was a great person who left a lasting mark on this world. My deepest condolences to his family and friends and especially to my amazing cousin, Michelle!

“ This is very hard, I speak for myself and for my team at work. Those who knew Joe knew he was a respectful and kind person. I had the privilege of working with Joe Lee for over two years, though it felt like 10 and during that time we formed a true friendship. Joe was more than just a co-worker, he was someone with a big heart who cared about the people around him. We shared so many good talks and always looked out for each other. He brought warmth and kindness wherever he went. We loved his style. I personally love his socks he always had stylish socks with prints on them. His favorite words he would say: hey good morning, really! hey whats up or na na na, get out of here. I will miss those good mornings. We will truly miss him not only as a co-worker, but as a friend. I know Bailey misses him dearly, I can only hope he will be fine without his buddy.

“ In the short period of time I was lucky enough to enjoy Joe’s company, I experienced his kindness, his warmth, and his generosity.

*I had the pleasure of taking a few trips with him and Michelle to a few different places. Joe was consistently pleasant and fun to be around. I shared such fun times and memories with him in New Orleans and the Bahamas. And even just the local cigar bar or restaurant in town.*

*I’m blessed to have known such a gentle and thoughtful man. I really loved seeing him and Michelle together, a great model of a lovely, positive, beautiful couple.*

*Rest in peace, Joe. And thank you for always being so kind and inclusive towards me.*
