“ Rest in Power Former Fire Chief Ellerbe. It was a pleasure working with you and your staff at the U.S, Office of Personnel Management when you and your team would come every two years to review and make changes to the DC Fire Fighters Examination. at OPM. Treasured memories forever. Sending my deepest condolences to the entire family, friends and DC Fire Fighter's Team members. So sad to hear of his passing.

“ Mr. Kenny was a great man. He was loved by my aunt and the rest of my family. Even though he and my aunt never married, I saw him as an uncle. My favorite memory of him was our family trip to Universal Studios. He walked behind the group, not letting anyone (especially the kids) fall behind him. He told me that was his duty when he was diving, to make sure everyone was safe and accounted for. This just shows how much he cared about people and his desire to protect them from harm. Rest in peace, Mr. Kenny. You will be dearly missed.

“ It was a pleasure to serve the residents of the District of Columbia with Chief Ellerbee. While employed with the DC Dept of Employment Services (DOES), Chief Ellerbee was kind, compassionate and visionary in his leadership and care for the workers and residents of DC. His support for training and hiring the best and brightest to serve under his leadership was phenomenal. On a personal note, he was instrumental in a rapid response incident when I needed emergency medical care and transport for medical treatment. He will be missed as a pillar of our DC Community. God Bless and Rest in Peace. My condolences and deepest sympathy to his family and closest friends,
Godspeed,
Paris Perrault Tillery

“ I have been knowing Kenny since 1972, Junior High School, he was uptown just like myself and had the same friends and acquaintances, Kenny was engaged in a project a few years back that he talked with me about. Kenny was a true friend and a wonderful DC Official.
Kenny Rest In Peace.

I need the family to reach out to me I have something for the family.

“ It was my absolute pleasure to finally meet Kenneth for the first time back in 2017. Knowing his achievements I looked up to the brother even before we met! We talked scuba, IT contracts and dogs we've trained. We didn't find time to scuba dive together but we bonded in other ways the universe allowed. RIP Chief

“ The family of Christina first meet Kenny at my wedding in April 1984. He was very nice and polite, He later showed my husband (who was an Deputy Fire Chief with the airports) around the fire house he was working in at the time. We were very proud that he moved up through the ranks in the Fire Department and became The Fire Chief of DC.
