“Denise and family...my sincere and heartfelt condolences I extend to you, on this tragic loss of your loving husband, father, son and wonderful member of your family. I am saddened and grieve with you and I know there will be an absence of his warm spirit in your days and nights for time unmentioned. Yet, I pray for you, "for although we understand not the wisdom of the God we serve, we have witnessed His grace in other situations in our lives, and we believe and trust that He will bring us through this time of mourning as well. The Holy Spirit of God is real and brings us comfort in our time of need." Please know that I love you all and stand with you.
