“Marilyn we were best friends in jhs and we always kept each other on our toes. We went from hating each other and competing with each other all the time to being the best of friends and loving each other like sisters. I will always hear you calling me goldie locks because my hair turned blond (gold) in the summer. I remember when I finally got back in touch with you last year... You came and got smoke (the kitten) and it was like we had never been apart for all those years. I'm still in disbelief even though I was there today at your funeral and saw for myself... I knew I loved you dearly but I didn't know that losing you would hurt this bad... I remember when we graduated from Francis we were so sad we were going to different schools you tried to get in Wilson and I tried to get in Dunbar... I remember the first time I heard you sing and that laugh of urs... Lol OMG I'm truly going to miss you ... Ur truly a valuable part of my life... I'm happy ur an angel with God now but I'm still so torn because I feel you should still be here with us.... Marilyn girl I love you always have and always will!
