“ *I would love to send my deepest condolences out to the family especially Crystal and Tanisha. I know this is a very hard pill to swallow and I want you to know your grandma would be so proud of you all for everything you do. She lived a life full of love and laughter. Let her legacy live on through you. She was a pleasure to be around and a light that forever shined bright.*

“ *Sending love! Martini was a bright light in my day-to-day work life for many years. My deepest sympathies your family. I know hearts must be heavy right now as she spread so much love and light to all who knew her. Tini holds a special place in my heart! She did everything possible to welcome me to the Department of Education back in 2006 and shared her wonderful stories, smiles, and love of life through her presence and kindness.*

“ I worked with Martini at OSEP for 12 years. She had a smile for everyone and when she laughed, it brightened up the whole space. It was also clear how deeply she loved her family. I wish you comfort and peace during this sad time.
