“ *Mother you touched my life in such a peaceful, blessed way. Thank you for bringing me up in the Lord you instilled in me all the right tools for life.*

*Thank you for everythng you have done for my son, your grandson he loves you so much so do I. I pray I get to see you when I cross over, until then I am mindful of all you have ever said to me and did on my behalf to make like easier. I hear and heard you and now I will do.*

*God Bless you Always. I miss you!*
