*Aunt Sue was firm , she didn't take any type of nonsense, yet she was loving , sincere and she possessed so many other powerful attributes . My Aunt Sue, showed real love to me and my family members . I loved the way she would greet me when she saw me. She was strong willed but yet would try to give you an opportunity for one to share their thoughts or concerns but by looking at you with that look and that meant that either you didn't really know what you were talking about and would quickly change the subject and give you a big smile or just laugh out .
I will forever hold my memories close of my Aunt Sue and My Uncle Sugar. My continual prayers for all of my dear cousins .*
